

P Zero

Balanced Performance

High Performance

Ultra High Performance

Twenty years on, PZero™ is still a point of reference in the ultra high performance market: technologically the most advanced, the best performing, the most coveted.

A tyre designed for the most prestigious OE fitments on premium new models (Ferrari 599 GTB, Maserati Quattroporte Sport GT, Audi Quattro R8, Mercedes S-Class AMG, just to name a few).

Another milestone in a continuous story of success.

Self supporting Run Flat version also available

Tread Pattern

The new attractive asymmetric tread design offers superior handling and braking performances on both dry and wet surfaces.

The new high-grip compound with nano-composites is the perfect solution for an enhanced driving stability and sensitive steering control.

Three wide longitudinal grooves ensure an high aquaplaning resistance, while the s-shaped sipes are designed to reduce rolling noise.

The external area with large, rigid blocks is the ideal support to exalt handling characteristics when driving on the limit, bestowing worry-free emotion.
